Final token 'was' — 40 closest tokens at layer 12. Bigger = closer.

A word cloud featuring the words "is", "was", and "are" in various sizes and orientations. The word "was" is the largest and most prominent, appearing in the center and bottom left. The word "is" is also large and appears in several locations, including the top center and middle left. The word "are" is smaller and appears in the bottom right. The words are scattered across the white background, creating a dynamic and abstract composition.
